

## THEY'VE PUT SMARTNESS IN THE SPORTS CLOTHES; EVERYBODY'S WEARING 'EM

BY BETTY BROWN

There's more to being a tennis girl than merely playing tennis—there's dressing for tennis. That's the game that almost every girl will learn to play to perfection this summer, for the smartest things coming out of the dressmaking shops just now are the sports clothes.

Take note of this stunning little coat-suit at the left designed by Mme. Marguerite of the Fashion Art League of America, the modiste who put the style in sports clothes. She used Niagara Maid glove silk for the Norfolk jacket and to line the much-flared skirt. The same material is used in the second gown, the ball

buttons and the flowing tie trim very prettily.
